Psyche and the Sacred

A DEPTH PSYCHOLOGICAL APPROACH TO SPIRITUALITY

A RETREAT AT ERANOS WITH DR. LIONEL CORBETT

A psychologically-oriented approach to spirituality and a new God-image are emerging alongside the Judeo-Christian tradition. This form of spirituality expresses itself from the depths of the psyche, and stresses personal experience rather than belief or sacred texts. Depth psychology gives us a contemporary way to express this evolving step in the history of religious consciousness. Sometimes a new language enables things to be said that have yet to be articulated, and depth psychology is providing this voice.

Traditional ideas about God and religion do not always express the individual's personal spirituality, because one may experience the sacred in ways that are not fully articulated in the traditional teachings. For people who are committed to a traditional religious practice, depth psychology can deepen their relationship to the tradition and their understanding of its archetypal underpinning.

This five-day retreat will focus on personal experience of the *numinosum*, or the holy, its relationship to the psychology of the individual, and its effects within the personality. Because we have no presuppositions about the ways in which the numinosum may appear, the depth psychological approach is open to personal manifestations of the sacred that may not be recognized as such within traditional Judeo-Christian thought. The depth psychological approach to the sacred focuses on revelation by means of dreams, synchronistic events, creativity, relationships, the earth, the body, sacred places, and attention to our complexes.

Lionel Corbett, M.D., trained in medicine and psychiatry in England and as a Jungian analyst at the C.G. Jung Institute of Chicago. He is a faculty member at Pacifica teaching depth psychology. He is the author of *Psyche and the Sacred: Spirituality Beyond Religion*, *The Religious Function of the Psyche*, and *The Sacred Cauldron: Psychotherapy as a Spiritual Practice*.

Limited to 30 Participants

20 Continuing Education

The retreat includes five days of morning and afternoon lectures at Eranos, with one free afternoon. We will stay in Ascona, and travel back and forth to Eranos by shuttle. There will be ample time for writing, reflection, and exploring the natural beauty of these remarkable surroundings.

This monument, which dates from the early days of Eranos in the 1930s, is dedicated to "the unknown spirit of the place."

Saturday, October 19 – Arrive in Ascona

Arrive in Ascona, a former fishing village near the legendary Eranos in southern Switzerland, close by the Italian border. You will have previously booked a room at the hotel of your choice in Ascona. This picturesque town is a favorite with artists and has become an important venue for cultural events. Blessed with an exceptional climate, Ascona is located on the shore of a beautiful mountain lake called Lago Maggiore. Its shore is dotted with sandy beaches and great green meadows.

In order to offer accommodations that fit a variety of budgets, we have reserved single and double rooms at four different hotels, all of which are near one another. Rates range from 110 Swiss Francs to 425 Swiss Francs per person, per night. (1 Sfr. is approximately equal to 1 US Dollar) Rates include breakfast, taxes, and service charges.

“To receive the secret of the spirit with reverence, to bring the expressible with awakened mind to expression, and to know the inexpressible is always present, the work of Eranos is in this spirit.”

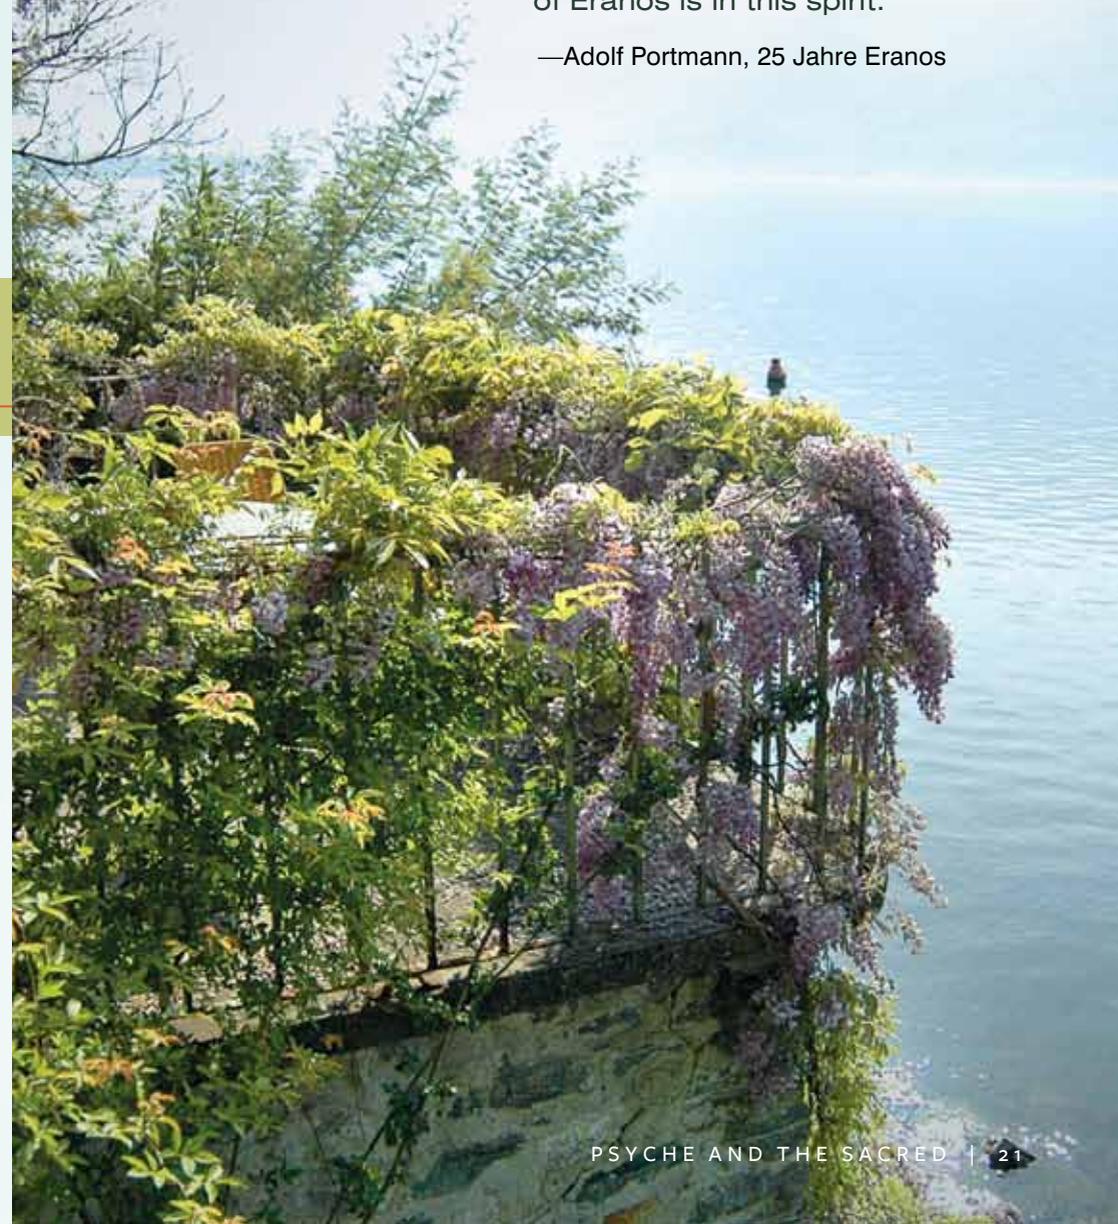

—Adolf Portmann, 25 Jahre Eranos

Sunday, October 20 – Thursday, October 24 in Ascona and at Eranos

Each morning we will travel via shuttle to Eranos from the piazza outside our hotels. Once there, we will walk up ancient steps, through gardens, and over terraces to Casa Eranos, where **Psyche and the Sacred: A Depth Psychological Approach to Spirituality** will take place. We recommend that you wear walking shoes to Eranos, as the terrain is uneven and may be unreliable in places.

Each day at Eranos our program will include a morning and afternoon session led by Pacifica faculty member and author, Dr. Lionel Corbett. There will be mid-morning and afternoon breaks for refreshments, as well as a two-hour lunch break with a lavish buffet. Participants will have ample opportunity to explore and enjoy the surroundings. Swim in the lake, take in the natural beauty, or sit in casual conversation at the infamous round table where Jung, Eliade, Kerényi, Neumann, and many others established their network of ideas and relationships.

At the conclusion of each day's sessions, we'll return to Ascona with plenty of time to enjoy the sunset, a drink with friends, and a delicious meal at one of the town's many restaurants.
